

Carotenoids contribute to antioxidant activity in cellular lipids, support normal cellular growth and renewal, and assist healthy levels of immune cell activity. Carotenoids promote cardiovascular health, including support for a healthy antioxidant response to LDL cholesterol.*

Carotenoid Complex provides a broad carotenoid spectrum with alpha-, beta-, gamma-, zeta-, and cis-beta- carotene. It also contains lycopene and cis-lycopene, lutein, alpha-cryptoxanthin and beta-cryptoxanthin, zeaxanthin and other carotenoids. Each capsule contains lipid soluble antioxidants from an optimal serving of fruits and vegetables. Our **NutriMax Process**® preserves nutrient integrity and insures maximum bioavailability for these key phytonutrients.

Store in a cool, dry place, away from direct sunlight. Packaged with safety seal.

NOT SOLD IN RETAIL STORES.
