

green

CONCENTRATED • BIODEGRADABLE • NEUTRAL PH  
LIGHTLY FRAGRANCED

Green features Kelpro, a unique protein blend derived from the ocean's kelp. This powerful protein base combines with other natural ingredients to create a hardworking, yet gentle cleanser.

This mild, non-drying formula is great for washing hands, showering, and even cleaning fine, delicate washables.

**For hand and body wash:** Wet hands or body with water. Use a small amount of Green for a rich cleansing experience. Rinse thoroughly.

**For fine washables:** Fill a basin or sink with cool water. Add a few drops of Green. Add clothes and wash as usual. Rinse thoroughly.

**To protect hands during dirty chores:** Create an "invisible glove." Apply a dime-sized amount of Green to dry hands before tackling dirty jobs. Let dry. When you're done, simply rinse hands with water, using additional Green as needed.

POWERFUL • ECO-FRIENDLY

green

GENTLY CLEANS  
AND REFRESHES  
WITHOUT DRYING

32 fl. oz. / 1 qt. / 950ml
