

FAST FACTS ABOUT FEMININE HERBAL COMPLEX

Women everywhere know that even though you might be healthy in all other respects, monthly complaints and mood swings can challenge your feelings of wellness. For centuries, master herbalists have known that women have unique cyclical needs, and that certain herbs work to balance the feminine cycle. Because a woman's menstrual cycle places her body in a constant state of flux, specific formulations have been carefully selected to assist women in achieving balance and wellness by addressing needs that are specific to the female system. GNLD's Feminine Herbal Complex addresses those needs with a unique blend of herbs that supports normal female physiology and function.

WHY CHOOSE HERBS FOR MY FEMALE CONCERNS?

- Because herbs have been proven effective from centuries of use.
- Because herbs have a long history of safe use, without the side effects associated with chemical drugs.
- Because herbs are nature's solutions to wellness challenges.
- Because herbs are non-habit-forming.
- Because herbs work naturally and gently to support normal female function.
- Because herbs have been shown to restore the body's balance and help the female body perform at its vital best.
- Because herbs have been shown to relieve menstrual and premenstrual symptoms including: swelling and bloating, inflammation, breast tenderness, irritability, cramping, and mild anxiety.
