

FAST FACTS ABOUT NOURISHING HAND AND BODY LOTION

Sun, wind, environmental pollutants, detergents, dirt, grease, water, chlorine, and cold weather can constantly stress your skin. Clinically tested and proven to moisturize the skin, *Nourishing Hand & Body Lotion* drenches thirsty cells with skin-loving emollients that replenish lost moisture to bring back the soft, silky-smooth skin of your youth. Nourishing Aloe Vera, soothing Pro-Vitamin B₅ (Panthenol) and calming Chamomile wrap your skin in a satin glove of rich, lasting moisture you'll enjoy throughout the day.

WHY A HAND AND BODY LOTION?

- Your skin works hard for you every day. Your hands especially are constantly in contact with surfaces (e.g. paper, cloth, wood, etc.) that can rob the moisture your skin needs to feel good and stay youthful.
- To prepare for the drying and damaging effects of exposure to sun, wind, and cold, and all the other environmental challenges your skin faces daily (e.g. detergents, grease, chlorine, etc.).
- To help keep skin moist, smooth and younger-looking all day long.
- As a refreshing follow-up to bath or shower, a soothing, moisturizing hand and body lotion is a great way to feel invigorated and renewed.

WHY NUTRIANCE NOURISHING HAND & BODY LOTION?

- Counters the moisture-robbing effects of sun, wind, cold and other environmental challenges by adding moisturizers and supporting the skin's moisture retention barrier with Aloe Vera Gel, Glycerin and Panthenol.
- Clinically confirmed 45% moisture increase in skin's layers, even four hours after application, for long-lasting moisturizing benefits.
- Soothing Chamomile Extracts: Bisabolol and Matricaria help nourish and revitalize your skin's healthy glow.
- Readily-absorbed, oil-free formula leaves skin feeling smooth and refreshed.
- Takes a step beyond the Nutriance Synergy Cycle for all the body's skin and especially the hands, when you face daily exposure to the environment or other rough treatment. Keep a bottle handy to add nourishing moisture at work or wherever your skin works hard for you.
- Water soluble formula helps maintain a healthy skin surface pH.
- Clinically proven performance, verified by Europe's most prestigious dermatological research facility.
- Subtle fragrance virtually disappears upon application. Unique personally adaptive formula interacts with your body's natural pheromones and blends with your own personal chemistry to become essentially invisible to the nose. Will not conflict with your favorite fine cologne or perfume.

Instructions: Smooth on hands and body as often as needed throughout the day, paying special attention to dry, chapped or rough areas. For best results apply while skin is still slightly moist after washing or bathing.
