

FAST FACTS ABOUT MOISTURIZING NIGHT FORMULA

For extra pampering and deep moisturizing while you sleep, indulge in luxurious *Moisturizing Night Formula*. While you dream away, your skin basks in an exclusive blend of pure Aloe Vera, rich Swiss Collagen and natural Vitamins A (Retinol) and E. Natural humectants and moisturizing lipids gently deep-condition your skin, helping to minimize visible signs of aging. This premier night formula shields against moisture loss, while delivering generous moisture, so you wake up with soft, smooth, silken skin.

WHY NIGHT-TIME MOISTURIZER?

- To support the skin's moisture balance and soften the appearance of fine lines and wrinkles while you sleep.
- To help deliver moisture deep down to thirsty skin cells that have been dried out by environmental factors during the day such as sunshine, dry air and cold temperatures, and as the result of age-related loss of moisture.
- To promote the look and feel of fresh, youthful skin by smoothing out the skin surface and controlling scaly roughness.
- To ensure that sufficient moisture is held within the skin during the night, to minimize the aging effects of moisture loss upon the skin, especially as your face lies in direct contact with moisture-robbing pillows and bed linens.

Instructions: Apply evenly from hairline to base of neck. Remove in the morning with Refreshing Facial Cleanser 1, Foaming Gel Cleanser 2, Gentle Cleansing Bar or Purifying Facial Scrub.
