

FAST FACTS ABOUT REFRESHING FACIAL CLEANSER AND FOAMING GEL CLEANSER

Experience fresh, clean skin with ultra-effective Nutriance Cleansers. These superior formulas initiate the cleansing process by gently sweeping away surface impurities. Creamy, moisture-rich *Refreshing Facial Cleanser 1* (for normal to dry skin) bursts with selected botanicals that help normalize lipid production to promote youthful moisture balance. Leaves skin moist, fresh and silky smooth. Lightweight, oil-free *Foaming Gel Cleanser 2* (for combination to oily skin) is infused with selected herbal botanicals to help restore an ideal lipid-to-moisture balance. Mild foam makes this Gel ideal for shaving. Skin feels touchable — soft, smooth and firm. Both Cleansers deliver extracts of Green Tea and Echinacea, known for their antioxidant and immune-boosting properties.

WHY FACIAL CLEANSER?

- To remove makeup and dead surface skin cells that can give your complexion a dull, drab appearance.
- To remove environmental grime and pollutants that gradually build up on your skin, especially in urban or industrial settings, around smokers, or anyplace the air is stagnant.
- To eliminate stale surface oils no longer working to moisturize your skin. These could be oils naturally secreted by your own body or residuals of skin care products.
- To clean your face without the use of harsh or drying soaps that can also upset the pH balance necessary for a healthy skin surface.
- To prepare the skin surface for subsequent steps in your skin care regimen.
