

# FAST FACTS ABOUT RESP-ELEVEN

In addition to life-giving oxygen, the atmospheric environment is a mix of pollution, smoke, smog, bacteria, pollens and allergenic substances which can result in respiratory sensitivities and distress. Master herbalists know that a healthy and unrestricted respiratory system, free from allergic reactions, is critical to optimal wellness. They discovered that certain herbs work together to support respiratory wellness, especially with regard to upper respiratory function.

## WHY CHOOSE HERBS TO SUPPORT RESPIRATION?

- Because herbs have been proven effective from centuries of use.
- Because herbs have a long history of safe use, without the side effects associated with chemical drugs.
- Because herbs are nature's solutions to wellness challenges.
- Because herbs are non-habit-forming.
- Because herbs work naturally and gently to support normal respiratory function.
- Because herbs have been shown to restore the body's balance and help the body perform at its vital best.
- Because herbs have been shown to help relieve mild respiratory complaints and help fight mild respiratory infections.

## WHY GNLD RESP-ELEVEN?

- **Comprehensive formula.** Our unique "complete family" approach to the formula provides broad, synergistic effects of the herbal constituents, which optimize their ability to support a healthy respiratory tract.
- **Herbs are selected from many global traditions**, bringing you the best herbal knowledge from around the world.
- **Contains Horseradish root** which supports normal airflow in the sinuses and lungs and promotes a healthy immune response.
- **Contains Pleurisy root and Hyssop** which have been used to promote clear, open airways free of restrictions or excess moisture content.
- **Guaranteed purity, potency, and consistency.**
- **100% natural herbal formula** contains no chemical or animal products.

The following benefits have been attributed to the herbs contained in GNLD's Resp-Eleven by master herbalists:

<b>HERB</b>	<b>ACTIONS AND BENEFITS</b>
<b>Horseradish – root</b> ( <i>Armoracia rusticana</i> )	Supports normal airflow in sinuses and lungs. Assists with normal digestion. Supports kidney function and the immune system.
<b>Pleurisy – root</b> ( <i>Asclepias tuberosa</i> )	Promotes clear, relaxed breathing, free of spasms and restrictions. Encourages normal moisture content of airway mucosa.
<b>Fenugreek – seed</b> ( <i>Trigonella foenum</i> )	Soothes and calms distressed tissue. May help to normalize body temperature.
<b>Alfalfa – leaf</b> ( <i>Medicago sativa</i> )	Rich in phytonutrients important for strong immune responses.
<b>Cayenne – fruit</b> ( <i>Capsicum annuum</i> )	Promotes healthy digestion. Encourages healthy circulation, stimulation of respiratory tract, and normal blood pressure levels.
<b>Hyssop – plant</b> ( <i>Hyssopus officinalis</i> )	Supports healthy, open airways, free of restrictions. Calms and soothes distressed tissues. Supports a strong immune response.
<b>Bee Pollen</b>	Provides support for healthy immune responses. Rich in phytonutrients important for energy and vitality.
<b>Slippery Elm – bark</b> ( <i>Ulmus rubra</i> )	Calms and soothes distressed tissues; especially effective on airway mucosa.
<b>Thyme – herb</b> ( <i>Thymus vulgaris</i> )	Encourages calm and unrestricted airflow; healthy and clear lungs. Calms and soothes distressed tissue. Promotes vitality and healthy immune responses.
<b>Yerba Santa – plant</b> ( <i>Eriodictyon Californicum</i> )	Encourages normal moisture content of airway mucosa. Assists normal tissue renewal, especially in the respiratory tract.
<b>Molasses</b>	Rich source of phytominerals important for enzymatic reactions and energy metabolism.
